and Trademarks
Washington, D.C. 20231

Dear Sir:

In response to the Office Action of 27 November 1995, please
amend the above-identified application, as follows:

In the Drawings:

Attached hereto is a photocopy set of the corrected drawings
(6 sheets) as filed in the parent application. The Examiner will
note that legends are placed on the schematic block diagrams of
Figures 3 and 4. However, legends are not placed on Figure 1
because this Figure is not a block diagram. Figure 1 provides
a plan view of the imaging device. Please see the specification
at page 6 where the drawing Figures are briefly described. In
view of the correction and subsequent acceptance of the drawings
in the parent application, consideration and approval of the
enclosed photocopy set of drawings in the present application is
respectfully requested. If these enclosed corrected drawings are
approved for the present application, the Applicant will submit
formal drawings to the Draftsperson for use in this application.

I hereby certify that this correspondence is being
deposited with the United States Postal Service via
first class mail in an envelope addressed to Com-
missioner of Patents and Trademarks, Washington,
